AROUND THE CITY.

Work Commenced on the Salt Lake Road.

IT WILL BE PUSHED AHEAD.

A New Academy to be Built at Ramona—Other Local Events of Interest.

Active work on the Salt Lake road was commenced yesterday morning, a corps of surveyors in charge of Chief Engineer Davies being put to work staking out the lines on the east side of the river. The representatives of the road in this city say that now a start has been made there will be no cessation until the work is completed.

The attempt by a morning contemporary to show that the company is not entitled to hold its articles of incorporation on account of certain alleged discrepancies is ridiculed by the officers of the company. Colonel Marble, speaking of the matter to a HERALD man yesterday, taid: "The articles of incorporasion were drawn up under the direction of Colonel Houghton of the firm of Messrs. Houghton, Silent & Campbell, and we placed every reliance in his capabilities. This looks as if he did his work all right, does it not?" queried the Colonel, as he handed to the reporter for inspection a formidable-looking red-sealed document. It read as follows:

"STATE DEPARTMENT.

"I, William C. Hendricks, Secretary of State of the State of California, do hereby certify that a copy of the articles of incorporation of the Los Angeles, Utah and Atlantic Railroad Company, certified by the County Clerk of the county of Los Angeles as a copy of such articles filed in his office, was filed in this office on the 15th day of November, 1888, which articles and the copy thereof contained the required statement of facts, to-wit: First, the name of the corporation as aforesaid; second, the purpose for which it is formed; third, the place where its principal business is to be transacted; fourth, the term for which it is to exist; fifth, the number of its directors or trustees and the names and residences of those who are appointed for the first year; sixth, the amount of its capital stock and the number of shares into which it is divided. Seventh, the amount of its capital stock actually subscribed and by whom and also state the kind of railroad intended to be connected; the point from and to which it is intended to run and all the intermediate branches and the estimated length of said railroad, and I do hereby further certify that there has been filed in this office an affidavit of the Treasurer named in the articles; that the required amount of the capital stock thereof has been actually subscribed and 10 per cent. thereof actually paid to a Treasurer for the benefit of the corporation.

"Witness my hand and the Great Seal of State at my office in Sacramento, California, this the 15th day of November, A.D. 1888. W. C. HENDRICKS,
Secretary of State.

[The Great Seal of the State of California.]

It is well known that Mr. Hendricks is one of the most careful, painstaking officials in America, and his acceptance of the articles of incorporation shows that he was satisfied that they were correct, and the members of the company think should completely squelch the ill-judged attempt which is being made to declare them illegal.

A NEW ACADEMY.

The Contract Let for the Building at Ramona.

The contract has been let for a convent and academy at Ramona, a few miles outside of this city. This will be a branch of the establishment of the Sisters of the Holy Name, and will cost $36,000. The plans were drawn by Bryan J. Clinch, of San Francisco, and are for a building three stories in height, with a basement. It will be built of brick and will be plain but neat, with a sufficient number of windows to light the class rooms perfectly, and when completed it will contain accommodations for eighty boarders. The designs have been drawn with a view of permitting additions to be made if necessary without injuring the symmetry of the building. Mr. Clinch was here a few days ago and took the surveyors to Ramona. They set the stakes for the building, and the contractors will start the work of construction at an early date. The building will be situated on elevated ground and will have a view of the surrounding towns, which will be visible from the reception parlors. It is intended to make the standard of this academy high so as to compare favorably with that of the convent of Notre Dame at San Jose.

EXCURSION NEWS.

Two Parties to Arrive To-Day—Big Raymond Trains.

Advices were received yesterday that a Raymond & Whitcomb excursion running in two sections and consisting of twelve carloads will leave Kansas City this morning for Los Angeles via the Santa Fe, so they will arrive here on Saturday next. A dispatch was also received at the Southern Pacific to the effect that ninety Raymond excursionists over the Sunset route via New Orleans were on their way to Southern California and will arrive in Los Angeles at 9:50 P. M. on Tuesday next. A Walters excursion of three carloads via the Chicago and Alton and Southern Pacific and a Warner Bros. party of about 170 people will arrive in the city this morning, so it looks as if the long-talked-of rush of tourist travel is coming at last. The passenger agents say that the remarkable mildness of the winter back East has hurt the excursion business so far and think that the blizzard that raged on the northeast of the Atlantic seaboard last week will start the ball rolling in real earnest.

Undelivered Telegrams.

The following are the telegrams remaining at the Western Union telegraph office, No. 6 Court street: J. Levison, Mr. Ybert.

THE CITY COUNCIL.

The Street Lighting Contract Referred Back.

BIDS FOR STREET GRADING.

Numerous Miscellaneous Matters Disposed of by the City Legislators.

The City Council met yesterday morning, President Kuhrts in the chair, and Messrs. Bosbyshell, Earl, Bryant, Cohn, Hanley, Shafer, Threlkeld, McNally, Ford, Humphreys, Moriarty, Wilson and Sinsabaugh present.

Mrs. Prescott, the newly-elected Librarian, appeared and asked that she be placed in her position. Mr. Cohn moved that the President of the Board of Regents place Mrs. Prescott in her position on the 15th inst. Carried.

Mayor Bryson returned, without his approval, the notice of intention to grade Lafayette street. The motion whereby it was adopted was reconsidered, and the notice was referred to the Board of Public Works.

The Zanjero reported that the Los Angeles Cable Company was unable to go on with its work on First street where the Zanja Madre crosses the street. He asked that the matter be referred to the City Surveyor to devise some plan for the lowering of the zanja.

The report of the Board of Public Works, as published in Sunday's HERALD, was read and adopted.

Notices of intention to pave Franklin street, Sonora street, Temple street, New High street from Franklin to Marchassault were read and adopted.

When the matter of granting a franchise for a street railroad on Mission Road came up, Mr. Cohn said he hoped that no franchise would be granted until Mission Road is widened. At present it is only a forty-foot thoroughfare, and it is a main artery of the city leading out of the city limits. He thought that the company should purchase enough land to make the street a sixty-foot roadway.

A recess was taken at this point until half-past 1 o'clock.

The Afternoon Session.

The City Attorney was instructed to defend the city in the case of H. S. Parcels against the city to recover $5,000.

The Finance Committee recommended that $263 by transferred from the Street Sprinkling Fund to the City Hall Fund. Adopted.

The Chief of Police was instructed to have the officers report as to the electric lights. The Finance Committee stated that it did not know whether the lights burned or not.

Dr. Bryant said that the streets were lighted very poorly, and he thought the bill of the Electric Light Company was too large for the poor manner in which the city is lighted. At the present time a crime could be committed within 100 feet of a policeman and he could not tell that it had been done because he could not see it. The bill for December was ordered paid.

The Zanja Committee reported that it had examined the dam over the river and had found that it was temporary and to put the river in proper order a permanent dam should be constructed. Several minor recommendations were made, adopted and referred to the Zanjero.

The maps and papers relating to the proposed bridge over Aurora street were referred to the City Surveyor and City Attorney.

A communication was read asking that the water connections be made with the new City Hall at once. Referred to the Fire and Water Committee.

The City Surveyor reported that the Ninth street bridge had been completed, but he could find no plans or specifications and he would not certify that the bridge was built correctly until he had seen the plans.

Mr. Cohn said that the city was all right, for the plans were a part of the contract, and the bridge company would have to produce them as adopted at the time the contract was let before it could collect the money for its work.

Mr. Hanley said that Mr. Lambie had told him that the plans were on file.

Mr. Cohn said that Mr. Lambie had stated that the bridges were not being built according to the plans and specifications. He moved that the clerk notify Mr. Lambie to produce the plans and notes. Carried, and the matter was referred to the Bridge Committee.

The contract with the Los Angeles Electric Light Company was read, and on motion of Mr. Cohn it was made to run for only one year. Mr. Cohn also asked that a clause be inserted allowing the employment of an expert to test the amount of light given.

Mr. Humphreys offered an amendment providing that an expert could be employed at the expense of the company.

Mr. Cohn's motion was carried, as also was that of Mr. Humphreys.

The contract was referred back to the Gas Committee and City Attorney for further revision.

The Building Committee recommended that the Chief of Police be allowed to expend $100 in cleansing the police station. Adopted.

Mr. McNally said that the Building Committee had visited the New City Hall for the purpose of looking at the tower. He asked that the Council visit the place in a body on Wednesday next. So ordered.

The Gas Committee recommended that three electric light masts be erected. Adopted.

City Assessor Fisher asked that he be allowed three office deputies, and named Geo. Hall, J. H. Gates and R. H. Hewitt. He said that these deputies were necessary to bring the office in readiness to make the assessment after the 1st of March.

On motion of Mr. Sinsabaugh the deputies were allowed.

The Committee on Reservoir No. 4 asked that the City Attorney give his opinion on the abstract of title to the property involved. So ordered.

Mr. Wilson offered a resolution changing the name of Perry Villa street from the river to Pleasant street to Aliso street. Referred to the Street Naming Committee.

Mr. Wilson introduced a resolution asking that the Street Superintendent be furnished with a map of the sewers of the city.

Mr. Cohn said that there was a map on file in the City Surveyor's office.

The matter was referred to the Sewer Committee to investigate.

Bids for grading Hoff street were received from French & Chase, at $1.18 per fron foot, Ann street at 83c. per front foot, Howard street at 70c. per front foot; from F. W. Barron for grading Ann street at $1.97 per foot, Patton street at $2.50 per front foot, Hoff street at $2.68 per foot, Hope street at $2.48 per foot; from M. C. Marsh for grading Ann street at $2.50 per foot; from A. P. McGinnis for grading First street at $6.97 per foot each side; from the Union Construction Company for grading Patton street at $1.50 per foot; from M. C. Marsh for grading Castelar street at $2.90 per foot, Patton street at $2.70 per foot; from M. McGarvin for grading Victor avenue at $2.30 per foot; from M. C. Marsh for grading Victor avenue $2.70 per foot; from James Monahan for grading Ann street at $2.80 per foot; from E. F. Heitcher for grading Castelar street at $1.27 per foot; from D. F. Donegan for grading First street at $10.95 per lineal foot, Castelar street at $.15, Ann street at $1.90; Patton street at $2.80, and Victor avenue at $2.60 per foot; from C. O. Adams for grading Hope street at $2.24 per foot. Referred to the Board of Public Works.

President Kuhrts appointed Messrs. Wilson, Ford and McNally as a Committee on Street Names.

City Clerk Stiles asked to be allowed to turn over to the Street Superintendent all the warrants for that department, but an objection was made and the request was withdrawn.

A notice of intention to establish the grade of Huron street was read and adopted.

The recommendation that the Street Superintendent employ two more garbage wagons was referred to the Board of Health.

The Tax Collector was instructed to inform the Council as to the number of licenses that have been paid for street cars.

The California Sewer Pipe Company invited the Council to attend its opening this afternoon. Accepted.

Mr. McNally called attention to the number of foreigners employed in the city work, and thought that the preference should be given to citizens of the United States.

Mr. Earle moved that the nuisance created by the Los Angeles Woolpulling Company be abated. Referred to the Board of Health.

Mr. Threlkeld moved that the water be turned into a reservoir at Brooklyn Heights. Referred to City Surveyor.

Mr. Wilson moved that the city provide a receiving hospital for the city. Referred to the Police Commissioners.

The City Surveyor was instructed to define the lines of Stevenson avenue.

Mr. Bosbyshell introduced a recommendation that an ordinance be drawn closing saloons at midnight. Mr. Cohn moved to lay on the table. Carried.

Mr. Threlkeld moved that a branch police station be established at Boyle Heights. Referred to the Police Commissioners.

A suggestion that Prospect Park be improved was referred to the Park Committee.

Mr. Hanley asked that the City Attorney draw a resolution to sewer Downey avenue. Laid over until Wednesday.

The Supply Committee was instructed to furnish a black board for the Council Chamber.

Petitions as follows were received and referred to the various committees:

From W. T. Williams et al. objecting to the grading of York street; J. Marion Brooks protesting against paying a street assessment; A. Weiss for $400 paid to the city for opening Ninth street; A. E. Sepulveda to lease city land; Hugh Glassell et al. to grade Water street; E. W. Reid & Co. offering to build an outfall sewer; Merced Abbott to rent city land; M. C. Marsh for extension of time in grading Judson street and West End avenue; J. McLoughlin for a catch basin on the corner of Second and Pearl streets; Lewis Dilley to abate a nuisance on South Pearl street; Lockett & Pattee protesting against the obstructing of streets by the Sunset Telephone Company; James Cook to put scales on Main street; A. Nasser to excavate under a sidewalk on Main street between Pine and Celis; G. T. Childs et al. protesting against the way Hansen street has been graded; O. A. Shaw, calling attention to an open cesspool; Julius Wooler, for rebate of taxes; Depot Railroad Company, asking that the zanja on Second street be repaired; Pacific Sewerage Company, affering to take charge of all the sewage of the city and build an entire sewer system for nothing, providing it be allowed to collect monthly rentals from property owners for use of pipes; Joseph Hyans, objecting to an assessment for a sewer; J. F. White, objecting to the paving of First street; J. C. Van Keith et al., for an electric light on Idlewild Terrace.

Adjourned to 10 o'clock to-morrow morning.

MAIL CARRIERS.

They Will Have to Pay Street-car Fare or Walk.

In a letter to the Board of Trade, Postmaster Preuss states that after January 16th the mail carriers will have to walk or pay full fare on the street cars. He says that the street-car companies have combined and have offered to allow the carriers to ride at the rate of 3¾ cents per ride if their proposition is accepted, otherwise full fare will be charged. The Postoffice Department allows $200 per annum, and Mr. Preuss says that it cannot be expected that it will be increased to more than $500, while the street-car fares would amount to $1,500, leaving a deficit of $1,000. He thinks that the result will be that the carrying of the department will be impaired. Heretofore in this city and in other cities carriers have been allowed to ride free when they have their pouches with them.

Sam Jones' Meetings.

Sam Jones, the Evongelist, held forth yesterday at the Pavilion both morning and evening. The services in the morning were rather slimly attended and most of those who were present were ladies. The attendance in the evening was considerably larger, although not so large as on Sunday. The peculiar method which Mr. Jones adopts in talking to his audiences attracts the curious, and his meetings to-day will probably be as largely attended as they were yesterday. The music furnished by the large choir in attendance is excellent, and aids in inspiring the audience.

Marriage licenses were issued by the County Clerk yesterday, as follows:

Henry Vejar and Caroline M. Pray, of Los Angeles.

FOUR SUITS.

The International Company in United States Circuit Courts.

Four suits were entered in the United States Circuit Court yesterday by George Fuller, Attorney for the International Company of Mexico, on removal from the Superior Court of San Diego county. The first is a case brought by Wm. Denton to recovey $1,200,000 for surveying in Lower California. This is the same case that was originally brought by Denton in the Circuit Court, and which was dismissed for want of jurisdiction, the plaintiff being an alien and the defendant a Connecticut corporation. Denton then brought a new suit in the Superior Court at San Diego, in which the defendant made no objection to the jurisdiction, but obtained an order for removal to the Circuit Court. The second case is brought by Ruth E. Newland to recover $10,160.11 claimed to be due her for services and commissions, and for moneys paid out for the use of the defendant. The third case is brought by G. W. Smith, claiming $100,000 damages. One-half of this sum is claimed for alleged fraudulent representations in inducing plaintiff to enter into a contract for the sale of certain lands in Lower California, and the other half is claimed for alleged breach by the defendant of the same contract. The fourth case is brought by Ricardo Orosco to recover the value of ten days' services as a civil engineer in surveying the line of the Peninsular railway in Lower California, and preparing maps and profiles of the definitive lines thereof. The company alleges that the services were worth $5,000, and that $2,522.75 have been paid on account, and that there remains due $2,477.25.

THE SEWER PIPE-WORKS.

Everybody Invited to Attend Their Formal Opening.

This afternoon at 1:30 o'clock a train will leave the Santa Fe depot for the works of the California Sewer Pipe Company at the corner of Wilmington avenue and the Ballona branch of the California Central Railroad. The machinery will be set in motion at 2:30 o'clock and Mayor Bryson will deliver an address in honor of the occasion. The Chamber of Commerce, the City Council and the Board of Trade, besides a large number of the citizens of Los Angeles and surrounding towns will be present on the occasion, and will see the first pipe turned out by the works. The Santa Fe Railroad Company's train will convey the people to and from the works. The directors of the company invite everybody interested in the industrial development of the country to be at the train ot 1:40 o'clock. A number of invitations were sent out, but those who did not receive them will be made welcome.

A Ten Mile Race.

Miss Myrtie Peek and Henry Peppers, the winner of the last thirty mile race, will compete to-day in a ten mile race, changing horses at the end of every mile. The riders will choose four animals each before the race, tossing a penny for first choice. The race is for $500 and the gate receipts, and will commence promptly at 3 o'clock.

"Brown, whose hams do you use?" "I always buy the 'Lilly,' put up by the Los Angeles Cold Storage Company." "Why do you prefer the 'Lilly' hams?" "Because they are sweeter, and are smoked in this city. All hams not branded the 'Lilly' are smoked either at San Francisco or in the Eastern cities, and you cannot tell how long they have been smoked before shipping, and then they are from ten to fifteen days on the road; so you see they are quite ancient by the time they reach Los Angeles, while the 'Lilly' hams are put on the market fresh every day."

We are informed that hams of an inferior quality are being offered for sale by certain merchants in this city, who represent them to be genuine "Lilly" hams. Do not be deceived; see that every ham you buy is branded the "Lilly."

A Southern California Home.

FOR SALE OR EXCHANGE—A SOUTHERN California home and farm; an improved 20-acre tract in the highest state of cultivation, in Tustin, Los Angeles county, Cal. The property consists of one acre in navel oranges, which sell for $4 to $5 per box, and are very choice; one acre blackberries, which bring 10 cents per pound; four acres apricots; five acres French prunes; one acre alfalfa; seven acres corn; balance in different fruits enough for family use. The trees are six years old and coming into fine bearing, and all are of the best kinds. The soil is a fine chocolate loam of great depth and cannot be surpassed for richness. The A., T. & Santa Fe and S. P. roads both have their stations in the vicinity, thus giving easy access to all markets. There is a plain, cheap cottage of nine rooms and bath with closet; a large barn and well. Twenty shares of water stock go with the place. There is abundance of water for irrigation. The climate is all that one could wish for. There are good school and church privileges. The bare land adjoining was sold last year for $350 per acre, and the land opposite was sold in lots for $1,000 per acre. A family can make money living on the place.

Tustin is distant two miles from Santa Ana and thirty miles south from Los Angeles. Two trains run daily to Santa Ana from Los Angeles. A horse-car line runs between Tustin and Santa Ana. THE S. P. TROUBLE.

Mr. Moulthrop Says it is Satisfactorily Settled.

Mr. Edward E. Moulthrop, a prominent member of Division 197, Brotherhood of Locomotive Engineers, passed through the city yesterday, en route from San Francisco to his headquarters at San Antonio Texas. Mr. Moulthrop is a member of the Grievance Committee summoned by Chief Arthur to confer with the Southern Pacific officials regarding the trouble on the Atlantic system of the company. A HERALD scribe had the good fortune to meet him yesterday afternoon, and on requesting the pleasure of an interview met with a laughing response from Mr. Moulthrop of "I had hard work dodging the newspaper men in San Francisco and congratulated myself that I had got clear away, but here I am rounded up at last and I suppose I will have to surrender. I don't think that I can tell you anything of very great importance though as the outcome of our conference has already been placed in the hands of the reading public through the medium of the Associated Press, I suppose you know that the conference was summoned to settle grievances on the Atlantic system of the Southern Pacific, that is—on the road between El Paso and New Orleans. The trouble was what I may term the arbitrary usage of the engineers and firemen by Master Mechanic Ryan, and complaints having been lodged at the headquarters of the Brotherhood a conference was summoned by Chief Arthur. We met at San Francisco last week, the different divisions of the brotherhood of the Southern Pacific system from Ogden to New Orleans being represented on the part of the complainants, while the company turned out strong with Vice-Presidents A. M. Towne and Colonel Fred Crocker and Attorney Stephen T. Gage. I cannot tell you the names of all of the railroad delegates, but those of the Atlantic system, where the trouble directly occurred, were Engineers J. L. Cunningham, of New Orleans; S. B. Pettis, of Houston; A. M. Hillyard and myself, of San Antonio, and Firemen M. H. Brown, of New Orleans; H. M. Moody, of Houston, and R. D. Wallace, of San Antonio. I am not at liberty to tell you what transpired during the conference, but this much I can say—the troubles have been settled to the entire satisfaction of the men, and no more trouble is anticipated. We received the most ample assurances on the part of the company who certainly did all that could be expected. Master Mechanic Ryan will probably continue in office, but that we are not opposed to now that his plan of operations has been changed. Nothing more that I could say would throw further light on the subject," said Mr. Moulthroy, "but as you wind up your article I wish you would give the press a little advice about declaring strikes in future. The San Francisco papers, when they heard of the trouble, printed article after article on 'the impending strike' on the Southern Pacific. Now as a matter of fact we made no announcement of or even hinted at the probability of a strike, nor do I think that any such calamity was anticipated by the Brotherhood from the first."

Mr. Moulthrop, accompanied by other members of the general committee, left the city on the Atlantic express last night."

Mr. Be Dell Selected.

Mr. J. H. Kirkland, the newly-appointed coast passenger agent of the Union Pacific, took the reins of office into his hands yesterday for the first time. The question as to who would fill the post of coast agent for the Pennsylvania system vacated by him has been settled, the positian having been tendered to Mr. William Be Dell. Mr. Be Dell was for a long time the representative on the coast of the Lake Shore road, and subsequently entered the service of the Oregon Railway and Navigation Company, where he has remained up to date. Mr. E. A. Ford, the General Passenger Agent of the Pennsylvania lines, who came to the coast to make the changes for his company, will visit Los Angeles to-morrow accompanied by Mr. H. R. Dering, assistant passenger agent of Indianapolis.

A Bid for the Baggagemen.

Mr. P. Walsh, General Baggage Agent of the Santn Fe, passed through the city yesterday en route to San Francisco, where he will attend the baggagemasters' grand Convention which is to open tomorrow in the Baldwin Theater. He stated at the offices of the company that he will do his utmost to bring the delegates down here after the business is disposed of, and if he succeeds, there will be quite a lot of railroad men about town next week, as he thinks he can persuade about ninety to take the Southern trip. The programme is to keep them down here three or four days, and thoroughly show them this section of the country, so that they will be able to give their impressions to their friends when they return home. They will be here about the 21st instant.

A Dig In the Ribs,

If on the right side and lower part of the diaphragm, though playfully meant and delivered, is calculated to provoke profanity from a chappy whose liver is out of order. When that region is sore and congested, pokes seem fiendish. Look at a man's countenance ere you prod him under the ribs. If his skin and eyeballs have a sallow tinge, you may infer also that his tongue is furred, his breath apt to be sour, that he has pains not only beneath his ribs, but also under the right shoulder-blade. Also, that his bowels are irregular and his digestion impaired. Instead of making a jocose demonstration on his ribs, recommend him to take, and steadily persist in taking, Hostetter's Stomach Bitters, the finest anti-billious and alterative medicine extant. Incomparable it is, also, for dyspepsia, rheumatism, nervousness, kidney trouble, and fever and ague.

HOW MANY WAYS CAN THIS BE READ?

THE LOS ANGELES HERALD IS BY ALL ACKNOWLEDGED have been the prime factor in the discovery and making known of the resources of this section. To its sagacious outgivings more than to any other agency our marvelous development is attributed.

THE HERALD has from its inception watched with a single eye the budding industries of this portion of the State. For each good enterprise this journal has at all times had a word of cheerful encouragement. In spite of the skeptical, it has survived to see all of its earlier predictions fulfilled to the letter.

THE HERALD to-day takes the lead in all respects among the papers of Southern California. Its first care still is the material, intellectual and social interests of its section. It aims to be truthful rather than over-zealous in its publication of news; to be conservative rather than over-sensational, in its policy; to be clean and decent, respecting the sacred precincts of the home and fireside, rather than indecently salacious in its tone.

THE HERALD gets all the news from all quarters of the globe with promptness accuracy and dispatch. Its local staff is energetic and well-trained to miss nothing of real importance to its readers. It is always alive to all public enterprises.

THE HERALD still takes pride in aiding any legitimate material, intellectual or social movement which will benefit the people. No other journal in this section approaches it in those important respects.

For a Clean Family Paper Take the Herald!

A "Boss" Scoop.

The Los Angeles journals which are fond of copying, with emendations adapted to the locality, salacious stories which have appeared in Eastern journals "for a time whereof the memory of man runneth not to the contrary," steadily attempted to discredit the statement, which first appeared in the Los Angeles HERALD, of a new transcontinental railway centering here, which is backed by heavy capitalists interested in the Union Pacific and Chicago, Burlington & Quincy railways. They heaped all manner of ridicule upon a project, now in earnest course of work toward completion, which was first exploited in the editorial columns of this paper and which was afterwards and intelligently developed by its enterprising corps of reporters. They have both "come to their mutton," so to speak, the *Times* doing its crawfish act, on the strength of a telegram from Sioux City, day before yesterday, and the *Tribune* coming in tardily yesterday morning. Since the world began there have been a great many salacious episodes, which can be written up *ad nauseam*, for they occur as often as in the days when the lust of David was excited by the spectacle of the beautiful wife of his general in the bath, but to get real news requires enterprise. Now that our morning contemporaries have at last settled upon an item which would have been genuine news if the HERALD had not made it public, elaborately and in detail, weeks before, we congratulate them in their order, first the *Times*, secondly, the *Tribune*. They would both have shown more intelligence and more enterprise in having reached their present attitude sooner. But they exhibit signs of amendment. If they shall live a few years longer we can hope that they will be *au courant* of events so beneficial to this section.

Meanwhile, the fact remains, as the HERALD first asserted it, that the building of this new transcontinental railway, which will be completed within two years, will double the population of the city and county of Los Angeles, with all the magical growth and progress which such a great work of development involves. In the next ten years the fight on the Pacific Coast is between San Francisco, city and county, and Los Angeles, city and county, and the latter will be *facile princeps*. We began the race in 1880 with a population of this city which only counted up eleven thousand three hundred. Eight years later, in the Presidential election, we showed a bigger vote than we had population in 1880.

The HERALD is fond of this kind of scoop. It would suppress, because they are often disgusting, a dozen police items to achieve one clean triumph of this kind we have now chronicled. In all such contests of journalism in Los Angeles the HERALD, like the celebrated horse Eclipse, is first and the rest of its contemporaries are nowhere.

Those Wretched and Expensive Roads.

The HERALD never struck a more responsive chord in the community than when it called the attention of the people to the horrible way in which their money is being expended. Every detail of the enormous total seems to be redolent either of extravagance or corruption. The appropriation of $98,000 to the roads of this county has inconceivably shocked everybody who has been obliged to drive over them. Notwithstanding this enormous sum thus appropriated there is hardly a road outside of the city limits on which one can travel. Take Main street, for instance. This is a great thoroughfare, which is now well improved, yet when Washington street is reached it is bad and yet later it is simply in a horrible condition. As soon as it passes the southern city limits and branches off to New Main street, leading to Green Meadows, and all the settlements between Los Angeles and Wilmington, a road which is traveled a good deal, which is one of the main arteries of the city, it is almost impassable. Within a short distance of the city limits this important thoroughfare is so washed out by a water ditch that there is a cut so big—from five to six feet deep—that the greatest danger to life and limb threatens any one who drives on this county road. So wretched is this road at this point that it is a great wonder that nobody has been reported maimed or killed from passing this chasm. The cross-ways to Main street cannot be utilized because it is impossible to cross this deep water ditch, and one has to drive away around it to get to old Main street, or to West Los Angeles. Yet the property bordering on this fine road is assessed by the county at from $600 to $1,500 an acre, for road tax purposes, besides a heavy school tax at the same valuation. Notwithstanding this heavy valuation the property owners have not even the poor accommodation of a decent road by which to reach their homes in safety. It would cost but little to put this road in good order, but neither roadmasters nor supervisors seem to care about the matter.

The same story reaches us from every portion of Los Angeles county. What has become of that $98,000, supposed to have been expended on our county roads? Before the HERALD sets its special correspondent at work, we solicit information from all quarters. Give us your grievances, men and brethren living in the country! Wherever you can show up this neglect or robbery, or both combined, do it for present exposure and future protection.

The Vine Pest—Mr. J. De Barth Shorb on the Issue.

A short time ago the Messrs. T. C. White and George E. Freeman, of Fresno, wrote the HERALD a very caustic note arraigning Mr. J. De Barth Shorb, of this county, for having stated that the vine pest threatened the viticultural interests of the State at large. They were quite caustic, and one would suppose, from their confident tone, that anything like a viticultural drawback had never been heard of in Fresno county. The matter is of such vital importance to the whole of California that we treat it editorially. Below we give the letter of the Messrs. Freeman and White:

EDITORS HERALD—Our press this morning states that J. De Barth Shorb stated yesterday that "the same vine disease that is now troubling your region is ruining the vineyards of the entire State." Mr. Shorb could not in honor make such a sweeping statement without the fullest knowledge of the fact. Now, the vineyardists of Fresno county demand from him the proof of this, at least as it relates to this region. Such a statement without proof is an outrage against large portions of this State. The signers of this note are two large vineyardists of Fresno county, and are doubtless as well acquainted with the state of the vineyards here as any other persons.

We have never heard of such a disease in this region, and with a careful and most extensive observation have never detected the first evidence of it, and feel certain that it has never been discerned north of Los Angeles county. Through your columns we ask Mr. Shorb to inform us on what authority he bases his statement. If it is true we wish to know it; if false he must at once see the gross injustice he is doing this and other parts of the State, and we demand that he should at once retract such declaration.

T. C. WHITE.
GEO. E. FREEMAN.

Fresno, January 9, 1889.

Our Los Angeles viticulturist meets the issue raised with visor closed and lance couchant, and it must be borne in mind that he speaks from the standpoint of authority. He was officially directed by the Viticultural Commission to make inquiry into this threatening visitation. We give his letter below:

SAN GABRIEL, January 12, 1889.

EDITORS HERALD—Referring to the foregoing open letter, that I may be able to answer it satisfactorily and fully, I must ask that you republish it. I am sure I do not know what paper those apparently irate gentlemen refer to, as "our press," and not having the statement before me to which they refer, or knowing who has quoted me, possibly I may fail in giving Messrs. White and Freeman entire satisfaction, and yet I will try.

My authority for saying that I believe "the disease" was unfortunately spread all over the State, is the *microscopic identification of the same disease on vines* and leaves sent to us by Mr. Isaac De Turk, Commissioner for Sonoma District, for examination and identification. They were reported on by Prof. Ethelbrit Werolen, scientific expert in charge of this investigation, to the Commissioner, which report is published in full in the *San Francisco Merchant* of January 4th, by the authority of the State Viticultural Commission. I presume these gentlemen have not seen the *San Francisco Merchant* nor the San Francisco *Chronicle*, which published *this fact* some time about January 1st. During the month of August last I visited Sonoma county and observed there very suspicious signs among the vines; and calling attention to the same, I was assured that what I saw was the result of "the very hot blast," and nothing more. As I have invested in the "must business" along with my associates about $130,000, and the plant is located at *Geyserville, Sonoma County*, depending upon the vineyards there to supply the grapes for our business, I am surely interested directly in the vine interest of that county, and view with deep concern all that may in any wise affect the same. *Profs. Scribner and Viola are reported as saying* the same disease is in Napa; nor does Mr. Crug, Commissioner for the Napa district, deny that a disease at least similar was located there. As no leaves nor canes have been examined from Napa, this report lacks scientific determination.

Mr. G. C. Hagar, of Orange, known by all in this county as a gentleman of great intelligence and entire reliability, informed me that Mr. Robert McPherson, of Orange, who has suffered severely from "the disease," and who has been studying it closely for the past three years in his own vineyards, had recently returned from a visit to Fresno and reported that *"the disease" was also there in the vineyards*. I think I mentioned this fact to Mr. George West, Commissioner of the Stockton District, at the semi-annual meeting of the Board. He is largely interested at Minturn in Fresno county, and I am sure he took no offence at the statement.

If Messrs. White and Freeman "never heard of such a disease" "north of Los Angeles county," they simply convict themselves of a want of knowledge which they might easily have obtained in reading the *Merchant*, *Examiner* or *Chronicle*. I believe this answers the "open letter" and relieves me of the charge these gentlemen would like to fasten on me, of making unwarranted statements. I believe I am sufficiently well known in this State and Fresno county not to permit any such uncalled for letters to ruffle my temper; but is not "the wounded bird told by its flutterings?" The Viticultural Commission at their semi-annual meeting charged me with the responsibility of this investigation. This trust I endeavor to discharge to the best of my ability, and certainly I will not be turned aside by any hostile letters from any quarter, or fears of invoking sectional prejudice and bad temper. In conclusion, I may be permitted to ask of these gentlemen, if they have visited *our infected district* and there inspected and examined "the diseased" vines and made themselves *thereby* familiar with its symptoms or indications, so as to enable them to identify *it* elsewhere? and if not, how "could the most extensive observations" result in safe conclusions even to themselves? This is no time, gentlemen, for the exhibition of any sectional feeling; the common enemy and danger *should unite us all;* first, into close examinations and investigations as to the presence of the disease in any locality, and secondly, in an earnest effort to discover its origin or nature, and thirdly, when known, in a determined effort to stamp it out, and devise means for its prevention.

Mr. John H. Wheeler's (Chief Executive Viticultural Officer) open letter addressed to all vineyardists throughout the State, and published in the *Merchant* of January 4th, will show conclusively how anxious the Commission is to discover all the facts obtainable, and to aid all grape growers in identifying "the disease," and I would earnestly advise all parties interested to read his letter and follow his advice.

If the aid of the microscope is invoked by any one in making the investigation for himself, let not sectional prejudice induce him to look through the wrong end of the glass in the direction of his neighbors. Respectfully,

J. DE BARTH SHORB.

We entirely agree with Mr. Shorb that it is highly absurd to make a sectional issue of a matter as to which all the vignerons and viticulturists of California have a common interest. As we advance to the front rank of raisin-making and wine-making countries California will, of course, encounter difficulties. They will not be such as ought to discourage. On the contrary, they ought to stimulate us to united action. A strong movement and a movement altogether will enable us to easily extirpate these pests, which have never assumed the gravity which has carried consternation to the French vignerons.

JUST at present Los Angeles orchardists are busy getting their orange crop to the market, and this fact calls to mind one of the peculiarities of this section. To the granger in the frozen east, the idea of reaping a harvest in January must seem strikingly novel. But there is no month in the year in which the Los Angeles granger may not harvest some paying crop. He is now selling oranges, strawberries, cabbages, peas and tomatoes all fresh from the fields. The oranges will last until June, the other crops named above are perennial. Next month he will add to these new potatoes. And they will come in from that time until December in successive crops. He is mowing alfalfa hay now between the showers, and this crop he will harvest six to eight times during the year from the same patch of land. By the time the citrus fruit crop is done apricots and early peaches will be on hand. These will be succeeded by nectarines, later peaches, apples of all sorts and many varieties of pears until December. In June the barley hay crop is ripe, and in July the barley and wheat are ready for the reapers. The first grapes come in in June, and the last are good at Thanksgiving day. Figs, pomegranates, olives, persimmons and many other fruits are not emphasized here for the reason that these industries are now in their infancy. Here is surely an inviting field for the agriculturist. The man who has capital to purchase a large tract may make a business out of farming here whose profits and ramifications should command the interest of men of master minds. Even the possessor of twenty acres may so dispose his crops that he shall have an income every month in the year. The whole section is capable of supplying other parts of the Union less favored than this with fresh butter, eggs, vegetables, fruit, honey and hay at all seasons of the year. When our resources are all developed we shall see trains going daily from each of our towns laden with butter, cheese, poultry, eggs, fruits of many kinds and in many shapes—fresh, dried, canned, preserved—and vegetables of legion varieties all fresh from the gardens in winter as well as in summer. These are the considerations on which is based the claim that Los Angeles county will ultimately sustain a population of a million souls.

THE plains and mesas of Los Angeles county at the present time present varied scenes of interest. It is nothing short of marvellous the amount of land being seeded to grain of the various sorts. The gang-plows are busy in all directions, and as each of these powerful implements turns eight to twelve acres a day, the aggregate of wheat and barley will be a prodigious sum. Then the vineyards are scenes of busy industry. The vines are now being pruned and the cuttings cleaned out and burned. In the orange orchards the gatherers are engaged in collecting the golden fruit, and at all the depots are strings of teams delivering this crop for shipment abroad. Then there are the pasture lands where the the lush, sweet, nutritious grasses stand green and thick almost as high as the knees of the cattle and sheep that revel in something better even than clover. There are many acres of new vines being planted too, and millions of new fruit trees, from the orange and lemon to blackberry and strawberry bushes. The year will be a notable one in the agricultural history of the section.

THE HERALD presents to the public this morning the city delinquent tax list. It will interest the property-holders of the municipality to an unwonted degree.

A RAILROAD HORROR.

Passenger Coaches Collide with a Freight Train.

CRUSHED AND CREMATED.

Terrible Scenes in the Burning Wreck—An Orphan Girl's Deplorable Fate.

[Associated Press Dispatches to the HERALD]

CLEVELAND, O., January 14—A frightful wreck occured on the New York, Pennsylvania and Ohio Railroad near Tallmage, Ohio, this morning, a passenger train colliding with one section of a freight which had broken in two. Eight persons were killed and a dozen injured. The list of killed is as follows: Robert Huntington, of Galion, Ohio, passenger engineer; William Walters, of Galion, passenger fireman; J. F. Rushford, of Galion, freight brakeman; Wm. Lundy, of Salamanca, N. Y., express messenger; four Chinamen; Mary Ann Lyon, of Idaho, aged 6, ticketed second class to Cherry Creek, N. Y. Four of the injured are in a serious condition.

A *Leader* special from Akron gives the following particulars of the wreck: At 2:27 this morning, train No. 8, east bound, rounding a sharp curve, one and a half miles east of Tallmage, came suddenly upon a part of freight train No. 81. There was a dense fog and this conspired with other things to make the accident beyond human power to avoid. Engineer Huntington had just time to reverse his engine when a dreadful crash came. He was instantly killed. The freight was heavy and while it was climbing the grade a coupling parted. The brave engineer was disemboweled, his head crushed and his limbs broken and doubled up. The passenger train consisted of a baggage and express car and smoker, common coach and two sleepers. The greatest horror came when the baggage car and smoker, which had telescoped with the common coach, took fire. Engineer Jones of the Kent yard engine, when five miles off began to be uneasy and looking down the track saw on the trees the glare of the burning cars. After the accident the two telescoped coaches appeared as one, and from the burning cars came the groans and shrieks of the unfortunates. Then came a scene of terror, the strong struggling to escape a horrible death by fire, the weak and helpless and wounded praying for succor from the flames that were fast enveloping them. One man George Shaw pinned in by the wreckage, managed by superhuman efforts to release his two lower limbs and escaped cut and bruised. In the smoker were several Chinamen. Five were pulled out alive but half dead from fright. Three were never seen after the crash, and bones and bits of charred flesh gathered up in a bag were all that were found of them.

One of the most pathetic of all the scenes were those attending the death of little Mary Ann Lyon, an orphan, who was being sent through from Idaho on a second-class ticket to relatives in Cherry Creek, N. Y. Edward Peltzer, a passenger going to New York, tells this story of her death: "I noticed a little girl who appeared to be all alone and learned she had been ticketed through to New York a second-class passenger. She was a sweet-faced child, and every time I visited the smoker I interested myself in her. She said her parents were dead, and she was going to Cherry Creek to live with some relatives. When the crash came I was in my berth in the sleeper and received only a slight shock. My first thought was of little Mary, and I rushed out of the car and to my horror saw the smoker all in flames. I went outside the opposite part of the car where the little one had sat and found she had been wedged down by the seat, which had fallen upon her. The flames were already surrounding her, and finding she could not be rescued, I fled from the spot."

The passengers in the rear Pullman sleepers were hardly aroused by the concussion.

Mr. Sewall of Samoa.

WASHINGTON, January 14.—Consul General Sewall was before the Senate Committee on Foreign Relations to-day, and continued his recital of the events of the past year or two on the Samoan Islands. He was interrogated with particular reference to the communications that passed between himself and the State Department with regard to his efforts to protect American interests on the islands. He will be still further examined by the committee to-morrow.

A Drawn Battle.

NEW YORK, January 14.—Harry Thompson of Kingsland and Frank Evans of Jersey City, middleweights, fought a most bloody and brutal battle yesterday. At the end of the thirteenth round both were frightfully battered and had to be helped to their corners, and the fight was declared a draw. They had fought twice before and each had won one battle.

Parting Their Inheritance.

WASHINGTON, January 14.—Senator Dawes to-day introduced a bill for the division of the great Sioux reservation in Dakota. It requires the consent of the Indians to be obtained to the opening of the reservation, and the fund arising from the sale of the lands shall be held in trust for the six different tribes, instead of being held in a lump for the whole nation.

The Penalty to be Paid.

NEW YORK, January 14.—A Port-au-Prince Hayti special says the question of indemnity for the seizure of the Haytien Republic is settled. In the Matter of Wool.

WASHINGTON, January 14.—It is now said that the wool schedule in the Senate tariff bill will probably be amended so as to provide for a clearer and more definite distinction between the several classes of wool so as to prevent the importation of any grade without paying the duty which rightly attaches to it.

A "Boss" Scoop.

The Los Angeles journals which are fond of copying, with emendations adapted to the locality, salacious stories which have appeared in Eastern journals "for a time whereof the memory of man runneth not to the contrary," steadily attempted to discredit the statement, which first appeared in the Los Angeles Herald, of a new transcontinental railway centering here, which is backed by heavy capitalists interested in the Union Pacific and Chicago, Burlington & Quincy railways. They heaped all manner of ridicule upon a project, now in earnest course of work toward completion, which was first exploited in the editorial columns of this paper and which was afterwards and intelligently developed by its enterprising corps of reporters. They have both "come to their mutton," so to speak, the *Times* doing its crawfish act, on the strength of a telegram from Sioux City, day before yesterday, and the *Tribune* coming in tardily yesterday morning. Since the world began there have been a great many salacious episodes, which can be written up *ad nauseam*, for they occur as often as in the days when the lust of David was excited by the spectacle of the beautiful wife of his general in the bath, but to get real news requires enterprise. Now that our morning contemporaries have at last settled upon an item which would have been genuine news if the Herald had not made it public, elaborately and in detail, weeks before, we congratulate them in their order, first the *Times*, secondly, the *Tribune*. They would both have shown more intelligence and more enterprise in having reached their present attitude sooner. But they exhibit signs of amendment. If they shall live a few years longer we can hope that they will be *au courant* of events so beneficial to this section.

Meanwhile, the fact remains, as the Herald first asserted it, that the building of this new transcontinental railway, which will be completed within two years, will double the population of the city and county of Los Angeles, with all the magical growth and progress which such a great work of development involves. In the next ten years the fight on the Pacific Coast is between San Francisco, city and county, and Los Angeles, city and county, and the latter will be *facile princeps*. We began the race in 1880 with a population of this city which only counted up eleven thousand three hundred. Eight years later, in the Presidential election, we showed a bigger vote than we had population in 1880.

The Herald is fond of this kind of scoop. It would suppress, because they are often disgusting, a dozen police items to achieve one clean triumph of this kind we have now chronicled. In all such contests of journalism in Los Angeles the Herald, like the celebrated horse Eclipse, is first and the rest of its contemporaries are nowhere.

Those Wretched and Expensive Roads.

The Herald never struck a more responsive chord in the community than when it called the attention of the people to the horrible way in which their money is being expended. Every detail of the enormous total seems to be redolent either of extravagance or corruption. The appropriation of $98,000 to the roads of this county has inconceivably shocked everybody who has been obliged to drive over them. Notwithstanding this enormous sum thus appropriated there is hardly a road outside of the city limits on which one can travel. Take Main street, for instance. This is a great thoroughfare, which is now well improved, yet when Washington street is reached it is bad and yet later it is simply in a horrible condition. As soon as it passes the southern city limits and branches off to New Main street, leading to Green Meadows, and all the settlements between Los Angeles and Wilmington, a road which is traveled a good deal, which is one of the main arteries of the city, it is almost impassable. Within a short distance of the city limits this important thoroughfare is so washed out by a water ditch that there is a cut so big—from five to six feet deep—that the greatest danger to life and limb threatens any one who drives on this county road. So wretched is this road at this point that it is a great wonder that nobody has been reported maimed or killed from passing this chasm. The cross-ways to Main street cannot be utilized because it is impossible to cross this deep water ditch, and one has to drive away around it to get to old Main street, or to West Los Angeles. Yet the property bordering on this fine road is assessed by the county at from $600 to $1,500 an acre, for road tax purposes, besides a heavy school tax at the same valuation. Notwithstanding this heavy valuation the property owners have not even the poor accommodation of a decent road by which to reach their homes in safety. It would cost but little to put this road in good order, but neither roadmasters nor supervisors seem to care about the matter.

The same story reaches us from every portion of Los Angeles county. What has become of that $98,000, supposed to have been expended on our county roads? Before the Herald sets its special correspondent at work, we solicit information from all quarters. Give us your grievances, men and brethren living in the country! Wherever you can show up this neglect or robbery, or both combined, do it for present exposure and future protection.

The Vine Pest—Mr. J. De Barth Shorb on the Issue.

A short time ago the Messrs. T. C. White and George E. Freeman, of Fresno, wrote the Herald a very caustic note arraigning Mr. J. De Barth Shorb, of this county, for having stated that the vine pest threatened the viticultural interests of the State at large. They were quite caustic, and one would suppose, from their confident tone, that anything like a viticultural drawback had never been heard of in Fresno county. The matter is of such vital importance to the whole of California that we treat it editorially. Below we give the letter of the Messrs. Freeman and White:

Editors Herald—Our press this morning states that J. De Barth Shorb stated yesterday that "the same vine disease that is now troubling your region is ruining the vineyards of the entire State." Mr. Shorb could not in honor make such a sweeping statement without the fullest knowledge of the fact. Now, the vineyardists of Fresno county demand from him the proof of this, at least as it relates to this region. Such a statement without proof is an outrage against large portions of this State. The signers of this note are two large vineyardists of Fresno county, and are doubtless as well acquainted with the state of the vineyards here as any other persons.

We have never heard of such a disease in this region, and with a careful and most extensive observation have never detected the first evidence of it, and feel certain that it has never been discerned north of Los Angeles county. Through your columns we ask Mr. Shorb to inform us on what authority he bases his statement. If it is true we wish to know it; if false he must at once see the gross injustice he is doing this and other parts of the State, and we demand that he should at once retract such declaration.

T. C. White.
Geo. E. Freeman.

Fresno, January 9, 1889.

Our Los Angeles viticulturist meets the issue raised with visor closed and lance couchant, and it must be borne in mind that he speaks from the standpoint of authority. He was officially directed by the Viticultural Commission to make inquiry into this threatening visitation. We give his letter below:

San Gabriel, January 12, 1889.

Editors Herald—Referring to the foregoing open letter, that I may be able to answer it satisfactorily and fully, I must ask that you republish it. I am sure I do not know what paper those apparently irate gentlemen refer to, as "our press," and not having the statement before me to which they refer, or knowing who has quoted me, possibly I may fail in giving Messrs. White and Freeman entire satisfaction, and yet I will try.

My authority for saying that I believe "the disease" was unfortunately spread all over the State, is the *microscopic identification of the same disease on vines* and leaves sent to us by Mr. Isaac De Turk, Commissioner for Sonoma District, for examination and identification. They were reported on by Prof. Ethelbrit Werolen, scientific expert in charge of this investigation, to the Commissioner, which report is published in full in the *San Francisco Merchant* of January 4th, by the authority of the State Viticultural Commission. I presume these gentlemen have not seen the *San Francisco Merchant* nor the San Francisco *Chronicle*, which published *this fact* some time about January 1st. During the month of August last I visited Sonoma county and observed there very suspicious signs among the vines; and calling attention to the same, I was assured that what I saw was the result of "the very hot blast," and nothing more. As I have invested in the "must business" along with my associates about $130,000, and the plant is located at *Geyserville, Sonoma County*, depending upon the vineyards there to supply the grapes for our business, I am surely interested directly in the vine interest of that county, and view with deep concern all that may in any wise affect the same. *Profs. Scribner and Viola are reported as saying* the same disease is in Napa; nor does Mr. Crug, Commissioner for the Napa district, deny that a disease at least similar was located there. As no leaves nor canes have been examined from Napa, this report lacks scientific determination.

Mr. G. C. Hagar, of Orange, known by all in this county as a gentleman of great intelligence and entire reliability, informed me that Mr. Robert McPherson, of Orange, who has suffered severely from "the disease," and who has been studying it closely for the past three years in his own vineyards, had recently returned from a visit to Fresno and reported that *"the disease" was also there in the vineyards*. I think I mentioned this fact to Mr. George West, Commissioner of the Stockton District, at the semi-annual meeting of the Board. He is largely interested at Minturn in Fresno county, and I am sure he took no offence at the statement.

If Messrs. White and Freeman "never heard of such a disease" "north of Los Angeles county," they simply convict themselves of a want of knowledge which they might easily have obtained in reading the *Merchant, Examiner* or *Chronicle*. I believe this answers the "open letter" and relieves me of the charge these gentlemen would like to fasten on me, of making unwarranted statements. I believe I am sufficiently well known in this State and Fresno county not to permit any such uncalled for letters to ruffle my temper; but is not "the wounded bird told by its flutterings?" The Viticultural Commission at their semi-annual meeting charged me with the responsibility of this investigation. This trust I endeavor to discharge to the best of my ability, and certainly I will not be turned aside by any hostile letters from any quarter, or fears of invoking sectional prejudice and bad temper. In conclusion, I may be permitted to ask of these gentlemen, if they have visited *our infected district* and there inspected and examined "the diseased" vines and made themselves *thereby* familiar with its symptoms or indications, so as to enable them to identify *it* elsewhere? and if not, how "could the most extensive observations" result in safe conclusions even to themselves? This is no time, gentlemen, for the exhibition of any sectional feeling; the common enemy and danger *should unite us all;* first, into close examinations and investigations as to the presence of the disease in any locality, and secondly, in an earnest effort to discover its origin or nature, and thirdly, when known, in a determined effort to stamp it out, and devise means for its prevention.

Mr. John H. Wheeler's (Chief Executive Viticultural Officer) open letter addressed to all vineyardists throughout the State, and published in the *Merchant* of January 4th, will show conclusively how anxious the Commission is to discover all the facts obtainable, and to aid all grape growers in identifying "the disease," and I would earnestly advise all parties interested to read his letter and follow his advice.

If the aid of the microscope is invoked by any one in making the investigation for himself, let not sectional prejudice induce him to look through the wrong end of the glass in the direction of his neighbors. Respectfully,

J. De Barth Shorb.

We entirely agree with Mr. Shorb that it is highly absurd to make a sectional issue of a matter as to which all the vignerons and viticulturists of California have a common interest. As we advance to the front rank of raisin-making and wine-making countries California will, of course, encounter difficulties. They will not be such as ought to discourage. On the contrary, they ought to stimulate us to united action. A strong movement and a movement altogether will enable us to easily extirpate these pests, which have never assumed the gravity which has carried consternation to the French vignerons.

Just at present Los Angeles orchardists are busy getting their orange crop to the market, and this fact calls to mind one of the peculiarities of this section. To the granger in the frozen east, the idea of reaping a harvest in January must seem strikingly novel. But there is no month in the year in which the Los Angeles granger may not harvest some paying crop. He is now selling oranges, strawberries, cabbages, peas and tomatoes all fresh from the fields. The oranges will last until June, the other crops named above are perennial. Next month he will add to these new potatoes. And they will come in from that time until December in successive crops. He is mowing alfalfa hay now between the showers, and this crop he will harvest six to eight times during the year from the same patch of land. By the time the citrus fruit crop is done apricots and early peaches will be on hand. These will be succeeded by nectarines, later peaches, apples of all sorts and many varieties of pears until December. In June the barley hay crop is ripe, and in July the barley and wheat are ready for the reapers. The first grapes come in in June, and the last are good at Thanksgiving day. Figs, pomegranates, olives, persimmons and many other fruits are not emphasized here for the reason that these industries are now in their infancy. Here is surely an inviting field for the agriculturist. The man who has capital to purchase a large tract may make a business out of farming here whose profits and ramifications should command the interest of men of master minds. Even the possessor of twenty acres may so dispose his crops that he shall have an income every month in the year. The whole section is capable of supplying other parts of the Union less favored than this with fresh butter, eggs, vegetables, fruit, honey and hay at all seasons of the year. When our resources are all developed we shall see trains going daily from each of our towns laden with butter, cheese, poultry, eggs, fruits of many kinds and in many shapes—fresh, dried, canned, preserved—and vegetables of legion varieties all fresh from the gardens in winter as well as in summer. These are the considerations on which is based the claim that Los Angeles county will ultimately sustain a population of a million souls.

The plains and mesas of Los Angeles county at the present time present varied scenes of interest. It is nothing short of marvellous the amount of land being seeded to grain of the various sorts. The gang-plows are busy in all directions, and as each of these powerful implements turns eight to twelve acres a day, the aggregate of wheat and barley will be a prodigious sum. Then the vineyards are scenes of busy industry. The vines are now being pruned and the cuttings cleaned out and burned. In the orange orchards the gatherers are engaged in collecting the golden fruit, and at all the depots are strings of teams delivering this crop for shipment abroad. Then there are the pasture lands where the the lush, sweet, nutritious grasses stand green and thick almost as high as the knees of the cattle and sheep that revel in something better even than clover. There are many acres of new vines being planted too, and millions of new fruit trees, from the orange and lemon to blackberry and strawberry bushes. The year will be a notable one in the agricultural history of the section.

The Herald presents to the public this morning the city delinquent tax list. It will interest the property-holders of the municipality to an unwonted degree.

A RAILROAD HORROR.

Passenger Coaches Collide with a Freight Train.

CRUSHED AND CREMATED.

Terrible Scenes in the Burning Wreck—An Orphan Girl's Deplorable Fate.

[Associated Press Dispatches to the Herald]

Cleveland, O., January 14—A frightful wreck occured on the New York, Pennsylvania and Ohio Railroad near Tallmage, Ohio, this morning, a passenger train colliding with one section of a freight which had broken in two. Eight persons were killed and a dozen injured. The list of killed is as follows: Robert Huntington, of Galion, Ohio, passenger engineer; William Walters, of Galion, passenger fireman; J. F. Rushford, of Galion, freight brakeman; Wm. Lundy, of Salamanca, N. Y., express messenger; four Chinamen; Mary Ann Lyon, of Idaho, aged 6, ticketed second class to Cherry Creek, N. Y. Four of the injured are in a serious condition.

A *Leader* special from Akron gives the following particulars of the wreck: At 2:27 this morning, train No. 8, east bound, rounding a sharp curve, one and a half miles east of Tallmage, came suddenly upon a part of freight train No. 81. There was a dense fog and this conspired with other things to make the accident beyond human power to avoid. Engineer Huntington had just time to reverse his engine when a dreadful crash came. He was instantly killed. The freight was heavy and while it was climbing the grade a coupling parted. The brave engineer was disemboweled, his head crushed and his limbs broken and doubled up. The passenger train consisted of a baggage and express car and smoker, common coach and two sleepers. The greatest horror came when the baggage car and smoker, which had telescoped with the common coach, took fire. Engineer Jones of the Kent yard engine, when five miles off began to be uneasy and looking down the track saw on the trees the glare of the burning cars. After the accident the two telescoped coaches appeared as one, and from the burning cars came the groans and shrieks of the unfortunates. Then came a scene of terror, the strong struggling to escape a horrible death by fire, the weak and helpless and wounded praying for succor from the flames that were fast enveloping them. One man George Shaw pinned in by the wreckage, managed by superhuman efforts to release his two lower limbs and escaped cut and bruised. In the smoker were several Chinamen. Five were pulled out alive but half dead from fright. Three were never seen after the crash, and bones and bits of charred flesh gathered up in a bag were all that were found of them.

One of the most pathetic of all the scenes were those attending the death of little Mary Ann Lyon, an orphan, who was being sent through from Idaho on a second-class ticket to relatives in Cherry Creek, N. Y. Edward Peltzer, a passenger going to New York, tells this story of her death: "I noticed a little girl who appeared to be all alone and learned she had been ticketed through to New York a second-class passenger. She was a sweet-faced child, and every time I visited the smoker I interested myself in her. She said her parents were dead, and she was going to Cherry Creek to live with some relatives. When the crash came I was in my berth in the sleeper and received only a slight shock. My first thought was of little Mary, and I rushed out of the car and to my horror saw the smoker all in flames. I went outside the opposite part of the car where the little one had sat and found she had been wedged down by the seat, which had fallen upon her. The flames were already surrounding her, and finding she could not be rescued, I fled from the spot."

The passengers in the rear Pullman sleepers were hardly aroused by the concussion.

Mr. Sewall of Samoa.

Washington, January 14.—Consul General Sewall was before the Senate Committee on Foreign Relations to-day, and continued his recital of the events of the past year or two on the Samoan Islands. He was interrogated with particular reference to the communications that passed between himself and the State Department with regard to his efforts to protect American interests on the islands. He will be still further examined by the committee to-morrow.

A Drawn Battle.

New York, January 14.—Harry Thompson of Kingsland and Frank Evans of Jersey City, middleweights, fought a most bloody and brutal battle yesterday. At the end of the thirteenth round both were frightfully battered and had to be helped to their corners, and the fight was declared a draw. They had fought twice before and each had won one battle.

Parting Their Inheritance.

Washington, January 14.—Senator Dawes to-day introduced a bill for the division of the great Sioux reservation in Dakota. It requires the consent of the Indians to be obtained to the opening of the reservation, and the fund arising from the sale of the lands shall be held in trust for the six different tribes, instead of being held in a lump for the whole nation.

The Penalty to be Paid.

New York, January 14.—A Port-au-Prince Hayti special says the question of indemnity for the seizure of the Haytien Republic is settled. The amount agreed upon is $120,000; of this $50,000 was to-day paid to the owners of the steamer. The balance will be paid in equal installments on March 1st and June 1st.

In the Matter of Wool.

Washington, January 14.—It is now said that the wool schedule in the Senate tariff bill will probably be amended so as to provide for a clearer and more definite distinction between the several classes of wool so as to prevent the importation of any grade without paying the duty which rightly attaches to it.

Election Reforms.

Washington, January 14—Grosvenor introduced in the House to-day a bill substantially similar in its provisions to the bill introduced by Senator Sherman to alter the regulations as to the times, places and manner of holding elections for Representatives in Congress.

They Backed the Beaten.

Richmond, Va., January 14.—The Democratic Presidential electors met at the Capitol to-day and cast the vote of the State for Cleveland and Thurman.

HINTS TO HARRISON.

Delegates Buzzing Him with Regard to His Cabinet.

NO LACK OF COUNSELLORS.

New Yorkers Putting in a Word for "Me-Too" Platt—Other Counties Heard From.

[Associated Press Dispatches to the HERALD.]

INDIANAPOLIS, January 14.—Another party of New York politicians arrived in a special car this morning, and they came, it is understood, in the interest of Mr. Platt, which seems to indicate that the whole contest between the Platt-Miller factions is to be fought over in General Harrison's presence. State Senator Arkell, of Canajoharie, his son W. J. Arkell, of the *Judge*, and Editor Schleicher of Albany were the most prominent members of this delegation. Their visit was largely of a social character, but editor Schleicher intimated that there was some politics in it, leaving but little doubt that they spoke for Platt. Both New York parties left this city this evening.

The West also had a strong delegation here to-day from Nebraska, Colorado, Kansas, Dakota and Wyoming. The prominent members of party were, Hon. G. L. Laws, Secretary of State for Nebraska; Hon. J. W. Ovey, of Hays Center, Neb.; E. A. Harvey, of Orleans; James W. Dolan, of Indianola, Neb.; J. R. Hamilton, of Newton, Kansas; George W. Lumley, of Dakota, and B. D. Miller, of Rapid City. They came to lay before the President-elect matters relating to homestead irregularities which they and the people represented by them think he should be made acquainted with. They urged him to select a broad man for the Interior Department who would treat settlers living on homesteads with humanity and encourage them to prove up and secure titles to their holdings instead of impeding their efforts in this direction by techinicalities. Secretary of State Laws says that many homesteaders find it almost impossible to secure titles, and that the land department is from three to seven years behind in issuing patents.

Professor David Swing, the celebrated Chicago divine, was the guest of General and Mrs. Harrison this evening by special invitation. Prof. Swing was a classmate of General Harrison at Miami University.

Looking for Trouble.

WASHINGTON, January 14.—The Secretary of the Navy has issued instructions to Rear Admiral Kimberly, commanding the Pacific station, to proceed in the United States steamer Trenton to Samoa for the purpose of protecting American interests on that island. The Trenton was at Panama at last accounts, watching the progress of events on the Isthmus. She will be relieved at Panama by the Vandalia, and probably the Mohican, now fitting out at San Francisco, and the United States steamer Atlanta, now fitting out at New York, will be ordered to take the station on the other side near Aspinwall. There is considerable apprehension of trouble on the Isthmus, and it has been deemed advisable to have some naval vessels there as soon as possible.

A Walkover for Posey.

EVANSVILLE, Ind., January 14.—The Republicans of the First Indiana Congressional District to-day nominated Colonel Frank B. Posey for the unexpired term occasioned by the resignation of Congressman Hovey. Colonel Posey ran against Judge Parritt in November, and in the face of the returns was defeated by twenty votes. He has filed a notice of contest. Judge Parritt, it is understood, declines to make a race against Posey for the unexpired term.

Starving Babes to Death.

ST. LOUIS, January 14.—A sensational arrest was made here to-day which promises to result in the exposure of baby farming with all its heartless cruelty, under the eyes of the city authorities. A woman who gave her name as Jane Suffert, called at the Coroner's office and gave notice that two babies who had been left in her charge by their mothers had died, and that the city would have to bury them. A rigid investigation has been instituted. Mrs. Suffert is under arrest. The bodies of the infants are terribly emaciated.

Chinese Test Case.

WASHINGTON, January 14.—The Supreme Court to-day granted a motion to advance for hearing the case of Che Chae Ping against the United States and assigned it for argument to the second Monday of March. This is a case brought to test the constitutionality of the Scott Chinese Exclusion Act passed by Congress last session, so far as the act declares void return certificates granted Chinamen who left the United States prior to the passage of the act.

A Breach of License.

WASHINGTON, January 14.—The Supreme Court to-day rendered an opinion dismissing, for want of jurisdiction, the application for a writ of error in the case of George W. Farnsworth, plaintiff in error, vs. the Territory of Montana. Farnsworth was convicted of a violation of a statute of Montana Territory making it a misdemeanor for any person to sell goods as a commercial traveler without having first secured a license.

Footpads Foiled.

CHICAGO, January 14.—Red pepper was thrown by four men from a dark alley this evening into the eyes of John Kiely, cashier for Lyon & Healy. Kiely had $1,500 in a satchel and was on his way to pay off the firm's factory hands. The cashier clung to his satchel and struck down one of his assailants with a fist blow in the neck and was reaching for his revolver when the four robbers took to their heels.

Festive Hoosiers.

INDIANAPOLIS, January 14.—A public reception was given at the Capital tonight by the newly-installed State official and their wives. It was a brilliant affair. General Harrison and wife and many other distinguished people were among those present. At the conclusion of the reception, General and Mrs. Harrison accompanied the Gubernatorial party to Tomlinson Hall, where the inaugural ball was held.

A Nigger in a Tight Place.

BIRMINGHAM, Ala., January 14.—Since Saturday, when Mrs. Kellum was nearly killed and her little boy brained by an unknown Negro at Pratt's mines, many colored men have been arrested and brought before the woman for identification. One Negro, named George Meadows, was partly identified by her, but will be held till to-morrow, when if his identity is established, he will be lynched.

Floquet's White Feather.

PARIS, January 14.—Floquet, the President of the Council of Ministers, met Lauer, a member of the House of Deputies, in the lobby of the Chamber to day, and told him that his article commenting on the application of the secret service fund during the recent election was a base calumny, and challenged him to justify his statements from the tribune of the Chamber. Laur retorted that he would refer his accusations to a jury composed of Deputies, and would send seconds to Floquet unless he retracted his remarks. Floquet replied he would neither retract nor receive Laur's seconds.

M. M. Laisant and Legrisse, representing M. Lauer, subsequently called on Floquet, who repeated that he had nothing further to say except from the tribune.

The State Board of Trade.

SAN FRANCISCO, January 14.—Secretary Davis, of the State Board of Trade, today sent the following circular to the various members of the Executive Committee of that organization: "In view of the fact that the London Exhibition Convention will meet in Sacramento on Tuesday, January 22d, members are requested to attend a convened meeting of the State Board, which will be held at Sacramento on the same day. Matters of the utmost importance to the Board will there be discussed and acted upon."

The Cuyamaca Extension.

SAN DIEGO, January 14.—A party under Engineer Whitney began the survey to-day for an extension of the Cuyamaca railroad from Lakeside through the Cuyamaca Mountains to a junction with the Southern Pacific. The engineer in charge has been instructed to have the line run within thirty days. The roadbed is graded to Lakeside, a distance of twenty-five miles. One hundred carloads of rails have arrived in the last week.

He's All Right.

LONDON, January 14.—The Chronicle asserts that the Government will be informed of Henry M. Stanley's safety long before the expedition led by Thomas A. Stevens from New York can reach the east coast of Africa, and in the meantime recent letters from Stanley will be published in London. There are certain reasons, the Chronicle says, for keeping secret at present the whereabout of the explorer.

Discipline Maintained.

LONDON, January 14.—A meeting of the Honorable Artillery Company passed a resolution demanding that the war office institute an inquiry into the charge of insubordination preferred against certain members. It is announced that the Prince of Wales and the Duke of Portland have resigned their membership as well as commissions.

After Baja California.

WASHINGTON, January 14.—Representative Vandever received this afternoon a memorial from the Chamber of Commerce of Los Angeles urging the acquisition, by negotiation, of the peninsula of Lower California. The memorial will be presented to the House to-morrow.

Sent Up for Life.

SAN FRANCISCO, January 14.—A dispatch from Martinez says that the jury in the case of Harry Bird, charged with murdering George Wallace of Oakland, to-day rendered a verdict of guilty of murder in the first degree, and Bird was sentenced to imprisonment for life.

A Captured Levanter.

ELMIRA, N. Y., January 14.—L. N. Cunningham, agent for the past two years of the Mutual Life Insurance Campany, left town yesterday, having with him New York drafts amounting to $23,000 obtained by forging. He was arrested at Hoboken to-day.

The Montana Legislators.

HELENA, Mont., January 14.—The sixtieth bi-annual session of the Montana Legislature convened to-day. The Republicans organized both branches by the election of C. K. Cole, President of the Council, and Lee Mantle, Speaker of the House.

Aftermath of the Cyclone.

READING, Pa., January 14.—Six more of the victims of the cyclone were buried to-day. The Relief Committee, in dispensing their charity, have discovered about a dozen persons who were badly hurt but who were not reported heretofore.

Liable to be Lynched.

EATON, O., January 14.—Elmer Sharkey confessed to-day to the murder of his mother, committed Friday night. He says he does not know why he did it. The indignation of the people is very high and Sharkey may be lynched.

Deadlock in Virginia.

CHARLESTON, Va., January 14.—The House and Senate met to-day, but did not do anything and the deadlock still stands as heretofore. There is promise among the Republicans of organization to-morrow when they meet.

The Storm Did It.

PITTSBURG, January 14.—At the Coroner's investigation of the Miller disaster evidence was produced showing that the building had been constructed with good material and that the storm alone was responsible for the fall of the structure.

The Nebraskan Senate.

LINCOLN, Neb., January 14.—A Senatorial caucus was held to-night. The Republicans nominated Senator Manderson and the Democrats nominated Congressman McShane, late candidate for Governor, on the Democratic ticket.

Knocking For Admission.

SNUBBING THE SAINTS.

The Gentiles Are Opposed to Utah's Statehood.

THE MORMONS TOO MANY.

No Confidence Reposed In Their Protestations of Penitence and Reform.

[Associated Press Dispatches to the HERALD.]

WASHINGTON, January 14.—Ingalls today laid before the Senate a memorial from the Legislature of Idaho protesting against the proposed admission of Utah. The memorial says that members of the treasonable organization known as the Mormon Church largely outnumber the loyal Gentile citizens of the said Territory, and consequently will, and for many years to come would, have absolute control of all the elections therein; that all pretenses of the abandonment of bigamy, polygamy and other crimes against the laws of the United States are pretenses only made for the purpose of deceiving persons unacquainted with the abhorred practices of the Mormon Church, and thus creating a feeling favorable to the proposed admission of said Territory of Utah. The memorial asks also that a legislative commission be created for the government of said Territory.

The hearing by the House Committee on Territories of the claims of the Territory of Utah for admission as a State of the Union was continued to-day. Mr. J. R. McBride, of Salt Lake City, addressed the committee in opposition to the proposition for admission. He represented, he said, what might be termed the sentiment of the Territory, and held that wherever Mormons had been, for some reason or other, they had been unable to get along with anybody except their own people. Their history had been one of constant struggle against other people and open rebellion in the Territory of Utah against the laws of the United States. He cited incidents to show, as he claimed, how thoroughly it was understood that even titles to land came to the people not from the Government, but through the Mormon Church. "Why is it," he asked, "that these people have been unable to live in harmony with any people against them? There was no explanation except one that they themselves gave, that their system of government was at war with all others. The theory of the Mormon Church was that all man-made governments are illegal." In a, word his objection to the admission of Utah as a State, was because he believed the majority of the people of Utah are theocrats, who believe in the government of priesthood, and do not believe in any other system of government. Further hearing was postponed until Wednesday.

The Kaiser Cheered.

BERLIN, January 14.—The ceremony of opening the Landtag was conducted with great pomp. The Minister of State, court dignitaries, diplomats and many generals were in attendance. When the Emperor entered the White Hall he was enthusiastically cheered. His speech was frequently applauded. Bismarck was not present. The Emperor was heartily cheered as he left the chamber.

The increase of 200,000,000 marks in the savings banks shows that trade has improved. The satisfactory character of the finances has enabled the government to further reduce taxation.

Among the measures announced by the Emperor are bills to further increase the emoluments of the clergy of all denominations and to improve the position of teachers in elementary schools, having regard for admittedly satisfactory results.

The development of railways by the assignment of extraordinary resources to further extend them will be asked. Credit will be asked for the relief of sufferers by the floods in 1888.

A Cossack Colony.

SUAKIM, January 14.—The Austrian steamer Amphitrite, from Trieste, arrived here with Atchinoff and 100 Cossack women and children for the purpose of founding a colony in Abyssinia. The Amphitrite will be followed by an Italian gunboat to prevent the landing on Italy's littoral. The Cossacks claim that they have the permission of the French Government to land at Obpeck.

Clubbed by the Police.

DUBLIN, January 14.—A dispatch from Waterford says: Fourteen persons who were sentenced to ten months' imprisonment for participating in the Manchester martyrs' demonstration there were taken to prison to-day. They were escorted to jail by many policemen. A crowd with a band of music followed them. The police charged the crowd, using their clubs, and quite a conflict ensued. Several persons were badly injured.

The Last Resort.

PARIS, January 14.—The Anarchists issued a manifesto to the electors of the department of the Seine in which they appeal to the people not to vote for any candidate. The manifesto says: The Senate and Chamber of Deputies are powerless to emancipate the people. Revolution will alone free them from their oppressors.

A Dying Monarch.

HAGUE, January 14.—The condition of the King of Holland has not improved. The Cabinet to-day discussed the question of a provisional regency.

THE HAGUE, January 14.—A bulletin issued to-night says: The King is unable to partake of food.

Snow in Dakota.

ST. PAUL, January 14.—A heavy snow storm is prevailing in Southern Dakota, but there is no wind blowing. At midnight light snow began to fall here.

Queensland's Pile.

LONDON, January 14.—The yield in gold Queensland for 1888 was 42,600,000 ounces, an increase of 27,000 ounces over last year's yield.

A Blaze by the Sea.

At 2 o'clock last night the news came over the wires from Santa Monica that the old Santa Monica Hotel was in flames. The report was very meagre, and owing to the lateness of the hour further particulars were not obtainable. The fire was then raging with all prospects that the hotel would be totally consumed.

WASHINGTON NOTES.

Proceedings in the National Halls of Legislation.

THE SAMOAN IMBROGLIO.

The Formal Recognition of the President and Vice-President—The Sugar Industry.

[Associated Press Dispatches to the HERALD]

WASHINGTON, January 14.—The Senate regular Committe on Public Lands reported the Senate bill authorizing the entry of a certain tract of land—320 acres—for township purposes, for the town of Flagstaff, Ariz. Passed.

Hoar introduced a concurrent resolution for counting votes for President and Vice-President. Referred to Committee on Privileges and Elections.

It was agreed that the previous two Houses of Congress assemble in the hall of Representatives Wednesday, February 13th, at 1 o'clock in the afternoon, and that the President of the Senate be presiding officer; that two persons be appointed tellers on the part of the Senate, the two on the part of the House to make a list of votes and report the result to the President of the Senate, who is to announce the state of the vote and the persons elected, and that shall be deemed a declaration of the persons elect-d Presieent and Vice-President of the United States, and shall be entered on the journals of the two Houses.

The Senate then proceeded to the consideration of the Tariff bill. Allison, on the part of the Finance Committee, reported two new sections which he proposed to offer as amendments. They relate to the bounty on sugar, provided that until April, 1900, there be paid to the producer of sugar testing not less than 80 degrees by polariscope from beets or sorghum or sugar cane, grown within the United States, a bounty of one cent per pound, under such rules and regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, whoshall prescribe, said bounty to be paid annually from the duties collected on imported sugars.

Pending the question on the amendment offered by Gray Saturday to Section 2,510 as to the admission of material free of duty necessary for the construction and equipment of vessels built in the United States, the amendment being to strike out of the section the words "angles, beams and bolts and copper and composition metal which may be necessary for construction and equipment of the vessels," and insert in lieu thereof the words, "sheets, angles, beams and bolts, deck and bulb beams, together with all structural shapes of iron or steel and copper and composition metals; forgings of iron or steel, castings of iron, steel or composition, flues and tubes of iron, steel or composition, machinery and parts of machines and all other articles of foreign production necessary for the construction and equipment of steamers or other vessels."

Gray submitted additional remarks in favor of the amendment.

Hoar introduced a concurrent resolution for counting the votes for President and Vice-President, which was referred to the Committee on Privileges and Elections. It provides that the two Houses of Congress assemble in the Hall of Representatives Wednesday, the 13th of February, at 1 o'clock in the afternoon; that the President of the Senate be the presiding officer; that two persons be appointed as tellers on the part of the Senate and two on the part of the House, to make a list of votes and report the result to the President of the Senate, who is to announce the state of the vote and the person elected; that it shall be deemed a declaration of the persons elected President and Vice-President of the United States and shall be entered on the journals of both Houses.

THE HOUSE.

The Oklahoma Bill Figures as the Milk in the Cocoanut.

WASHINGTON, D. C., January 14.—Immediately after the reading of the journal, Randall from the Committee on Rules reported a resolution rescinding the rule requiring the daily adjournment at 5 o'clock. The proposition gave rise to an interesting debate, in which Cannon and Reed took the ground that it should be held to as strengthening the rights and powers of the majority against a filibustering minority. Payson strenuously opposed it, declaring that it was the outcome of a bargain between Weaver and the Democratic members of the Committee on Rules, and denouncing the Oklahoma bill, pointing it out as the milk in the cocoanut. There is a resolution in the bill permitting any legally organized corporation to locate townsites on payment of a pittance into the Treasury, thus repealing as far as Oklahoma was concerned, the law of 1864 providing that the proceeds arising out of the location of townsites be used for the benefit of the inhabitants of the townsite.

When the River and Harbor Appropriation bill comes before the House of Representatives General Vandever will offer amendments asking for an increase in the appropriations for San Luis Obispo and Wilmington harbors, and will insist upon an appropriation for the improvement of the entrance to San Diego harbor.

General Vandever is also endeavoring to harmonize the differences existing between the War and Treasury departments in regard to the location of a site for a quarantine station at San Diego, and hopes, before the close of the session, to get favorable reports from the Committee on Commerce on bills for the establishment of ports of delivery and entry at Santa Barbara, Los Angeles and San Luis Obispo, giving each of these ports the privilege of immediate transportation of imported merchandise.

WASHINGTON, January 14.—Under the call of States Cowles, of North Carolina, introduced a bill embodying the internal revenue features of the Mills bill. Moved for reference to the Committee on Appropriations. The members of the Ways and Means Committee opposed the motion.

WASHINGTON, January 14.—The motion to refer the Internal Revenue bill to the Committee on Appropriations was agreed to; yeas 129, nays 91.

Brewer, of North Carolina, introduced a bill to repeal the tobacco tax. It was moved on reference to the Committee on War Claims. Yeas and nays ordered.

The Subject of Samoa.

NEW YORK, January 14.—The *Sun's* Washington special says a Berlin dispatch announces great satisfaction in the German Capital over the announcement by the American Government that the United States had no interest in Samoa that warranted it in maintaining a controversy with the German Government, and that the latter would probably send reinforcements to Samoa. It is supposed here to refer to some dispatch from Secretary Bayard not included in the official correspondence already made public, and is perhaps later than any of the published correspondence.

The activity of the Navy Department in preparing three or four cruisers for sea service with the marked indisposition on the part of the Secretary of the Navy to tell what the service was to be, is believed by gentlemen who have been watching the Samoan affair, to indicate that a naval force will be sent to Samoa, and that Germany is not to have notice in advance of the departure of the ships. There was a great deal more of the Navy Department than of the State Department in the dispatch of marines to Panama in 1885, and Whitney is more favorable to a spirited foreign policy than Bayard is.

A RAILROAD HORROR.

A Passenger Train Telescoped on Freight Cars.

CLEVELAND, January 14.—A passenger train, east-bound, on the New York, Pennsylvania and Ohio Railroad, collided with a freight train near Kent, Ohio, this morning. Eight people are reported killed and six injured.

YOUNGSTOWN, Ohio, January 14.—A passenger train for New York on the New York, Pennsylvania and Ohio Railroad, running fifty miles an hour, this morning struck a freight train head end, near Tallmadge, Ohio. Both engineers, both firemen and eight passengers were killed and fourteen passengers badly injured. The freight train was attempting to make a siding, and had had sent out a flagman, who failed to stop the passenger train.

CLEVELAND, Ohio, January 14.—Those reported killed are Engineer Huntington, Fireman Walters, Brakeman Bashford, Express Messenger Landy, Mary Lyon, a six-year-old child of Cherry Tree, N. Y., and three Chinamen.

A few minutes after the accident flames began to shoot out of the baggage car and the smoker. The passengers and train people immediately began the work of rescuing the injured and removing the dead. The coach in the rear of the smoker was badly damaged and the end of the baggage car crushed far into the end of the smoker. As soon as the injured and dead were removed from the second coach, which was also on fire, the two sleepers were detached and pushed back by hand out of reach of the flames. None of the passengers in the sleepers were injured. All the persons who escaped death were placed in a sleeper, and the next east-bound train coupled to them and proceeded to Leavittsburg. It is reported twelve persons were injured.

Mrs. Jay Gould's Death.

NEW YORK, January 14.—Mrs. Jay Gould died at her home on Fifth avenue at 8:50 Sunday night. The entire family waited about the bedside for the end to come. Dr. Baldwin said that any attempt to prolong her life would be not only useless, but even almost cruel. There was nothing to do but watch and wait. Mrs. Gould was too feeble to converse and answered the anxious inquiries of the loved ones about her with a simple "yes" or "no."

Mrs. Gould was a daughter of Daniel S. Miller, a former wholesale grocer of Brooklyn. Her mother is still living in New York, but being feeble and over 80 years of age, she was not notified of the death.

Arrangements for the funeral will be completed to-day. Everything will be done in the simplest manner.

Something Serious.

LONDON, January 14.—The *Globe* says: The correspondence concerning the Sackville case carries the subject beyond a merely personal incident and renders it much more important. The argument that the retention of a foreign envoy is a question solely for the government to which an envoy is accredited to decide is an assumption fraught with the possibility of the most serious results. The *Globe* quotes the Lord Bulwer case at Madrid when Lord Palmerston laid down the international law on the matter to show that Lord Salisbury followed a precedent which never has been questioned until the American election re-opened the subject.

An Office to Fill.

NEW YORK, January 14.—Secretary Fairchild had an important conference this morning with Collector Magone and Acting Appraiser Stearns with regard to the appointment of a successor to Mr. McMullin, late appraiser in this city. A number of prominent importers were invited by Collector Magone to meet Fairchild and give him any suggestion they might have in regard to the new appraiser to be appointed.

Booked Through.

LONDON, January 14.—Miss Galea, a passenger on the steamer City of Berlin which arrived at Queenstown to-day from New York committed suicide the day after the steamer left New York by taking poison. She confessed she had quarrelled with friends and said she wanted to die.

On the following day H. Blonden, a passenger, died from delirium tremens. Both bodies were buried at sea.

Failed to Disconnect.

SAN FRANCISCO, January 14.—Horatio Moore, the young Englishman wh attempted suicide yesterday by cutting his throat with a razor, has slightly improved to-day, and there are some hopes of his recovery. He is said to be a grandnephew of Sir Moses Montefiore, and a cousin of Horatio Montefiore of New York City.

Refused to Testify.

LIMERICK, January 14.—In Judge Boyd's court to-day a reporter named Reeves, who acted as the Limerick agent of a number of Cork newspapers, refused to testify concerning notes which he had taken of speeches made at Parnellite meetings. He was committed to prison.

A Practical Protest.

LONDON, January 14—Two constables belonging to the Royal Irish constabulary have been elected members of the National League at Mitchellstown. They say their action in joining the League is a protest against the employment of the military in evicting tenants.

Unprovoked Fusilade.

REDBANK, N. C., January 14.—Saturday night a mob surrounded the house of a man named Harp and fired a fusilade. Several persons in the house were wounded. Harp's wife, aged 65, was killed. The cause of the attack is unknown.

EXCHANGE REVIEW.

NEW YORK, January 14.—The stock market was more active to day than it has been for a long time and its tone was decidedly strong. While there was no marked improvement in the quotations except in a few specialties, the market started off with quite a boom, but free realizations from parties who had bought some time ago, upon the formation of the new agreement, had the effect of preventing any further marked advance except in the specialties. Among the specialties Pullman became the feature of the day, and, after a small decline, rose rapidly about 5 per cent. Omaha and Consolidated Gas were also prominent. The market closed quiet but firm, and the final changes are almost all in the direction of higher figures, although they are for fractional amounts only, except in Pullman, which rose 4¼, and Omaha 1⅜ per cent.

Government bonds were dull and steady.

Petroleum opened strong at 86¾c., but after a slight advance in the early trading the market became weak and declined to 86c. A long period of dullness followed and the market closed steady at 86⅛c. Sales, 859,000 barrels.

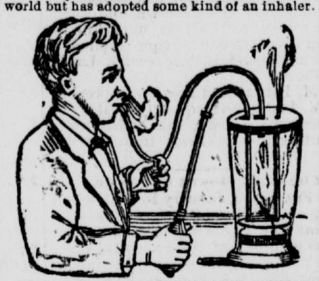
CONSUMPTION,
CATARRH,
Bronchitis and Asthma,
Treated successfully by
DRS. DAVIS & BLAKESLEE
45½ North Spring Street,
LOS ANGELES, CAL.

Inhalation, combined with constitutional medication, has superceded all others in the treatment of throat and lung diseases, and there is scarcely a throat specialist in the civilized world but has adopted some kind of an inhaler.



The inhaler shown above is the one used entirely by us, after trying every other kind, and by this means our well-known success during the last four years has lately been increased to a large extent.

CASES ON FILE.

Below we will give the symptoms of a few cases and the result of the treatment. As some of these persons object to our using their names in the public print, we will suppress them, but will gladly make them known to those calling at offices.

Case No. 986—R. N., aged 43, a commercial traveler, stated that he had been subject to cough every winter for twelve years. His work was against him, and he was a good deal exposed to wet and cold. His cough used to trouble him badly only in the winter, but year by year it seemed to be coming on earlier, and now he was hardly ever free from it. It came on in fits, which shook him to pieces, and it was always very bad the first thing in the morning, often making him retch and vomit. There was a great deal of phlegm, thick and yellow, which was difficult to get up unless he could get some hot tea, or something to loosen it. The shortness of breath was worse than all, for it prevented him from going about, and interfered with his business. He had never spat any blood worth speaking of, but there were at times streaks after a severe fit of coughing. He became no thinner, generally loosing a little in the winter and picking up in the summer. He had had a great deal of treatment without relief. November 1st, 1887, he was given an inhaler, with medicines, and went into the country for three days, at the end of which time he reported the cough easier, the phlegm lighter in color and not so thick, and the breathing decidedly better. Treatment continued. November 10th the patient wrote to say that he was better than he had been for years, and was almost able to do without medicine. Jan. 6th, reported that he had not been using medicine for a month, and was entirely well.

Case No. 1,166—J. P. R., aged 65 years, unmarried. Was troubled for ten years with postnasal catarrh. The mucous would drop back into the throat and frequently be swallowed. Has been troubled with a distressing headache, from which he has never been free for almost a year. For the same length of time there has been great distress after eating, and bloating of the stomach and bowels. The bowels are constipated. The stomach will bear nothing but a little cracker. He is also troubled with shortness of breath and shifting pains over the liver, stomach and chest. Has been treating a year with different physicians without relief. January 2d, 1888, prescribed medical inhalation for the throat and the proper constitutional remedies for the stomach, and recommended a diet. February 16th, 1888, Mr. R. reports that his headache has been entirely gone for two weeks, he can eat anything without distressing himself, and examination shows his throat to be entirely well.

Case No. 1,046—Mr. G. M. Came into office December 6th, 1887, during a severe attack of asthma. Had to be half carried up the stairs. Took cold night before. Has been troubled with asthma for eight years. Would never get over the succession of attacks after taking cold for two weeks or more. Has used everything he can hear tell of, and smoked everything, from mullen leaves to arsenic. Mr. M. took inhalation in office, and in half an hour left breathing as freely as any one. Reported next day that he had had no difficulty in breathing after taking treatment. During the following six months Mr. M. took inhaler occasionally whenever he would feel an attack coming on, but during the past six months has taken no treatment whatever, and has been entirely free from the disease.

Many more cases could be mentioned, but the above, we hope, is sufficient to convince any fair-minded person of the superiority of this method.

NEWS NOTES.

Harry Coburn was thrown out of his buggy yesterday and dislocated his hip.

Messrs. Strassburger & Marshutz have dissolved copartnership, Mr. Strassburg continuing the business.

The officers of the Iroquois Club will be installed to-night. A full attendance is desired on this occasion.

Charles Arras, of San Jose, was brought down to the County Jail yesterday to serve ten days for a misdemeanor.

Two brothers named Charles and Tony Simon got into a fight on Alameda street yesterday afternoon and were arrested and brought to the station.

J. A. Myers and J. Hughes pleaded guilty in Justice Lockwood's court yesterday to the charge of disturbing the peace, and were fined, Myers $1 and Hughes $5.

In the United States Circuit and District Courts yesterday the calendar was called, and a large number of cases set for trial, and others passed and continued for the term.

Transfers of real estate yesterday amounted to $86,167 and were 83 in number. Of these 22 were for more than $1,000 each, and 20 were for nominal consideration.

Robert Raymond was sent up for twenty days yesterday by Justice Lockwood for petit larceny. He stole two bottles of sherry from W. J. Snyder & Co. Sunday evening.

A Mexican, who would not give his name, got drunk and created a disturbance in the Chinese Theatre yesterday afternoon and was arrested on the charge of disturbing the peace.

Two San Jose vags were brought to the County Jail yesterday under ten day sentences. Wilmington contributed two vagrants to the County Jail contingent yesterday. They will remain there seven days.

The wife of Michael McDermott complained to the police yesterday that he had cruelly beaten her. A warrant was issued for his arrest and he was brought to the station. Michael has been behind the bars for this same offense once before and served sixty days in the County Jail.

S. R. Grant, a laboring man and an excessive drinker, was arrested yesterday and brought to the station. His strange actions had frightened the people on Temple street and they telephoned for an officer. If he is really crazy and not merely suffering from delirium tremens his insanity is evidently the result of his alcoholic excesses.

David Leiva, a Mexican who is charged with having murdered an old man by the name of Lopez, is now on trial in the Superior Court, Department No. 1, before Judge Cheney. The shooting took place in Verdugo Cañon in October. The day was consumed yesterday in the effort to get a jury. Testimony for the prosecution will be introduced this morning.

The executive committee of the Chamber of Commerce has been selected, and it consists of the following named gentlemen: Hervey Lindley, M. L. Wicks, E. W. Jones, J. B. Lankershim, D. Gilbert Dexter, F. C. Garbetts and J. F. Humphreys. Of these seven four form a quorum. In their hands is the complete management of the details of the business of the Chamber and the carrying out of the work decided upon at the regular monthly meetings. This arrangement is under the new constitution.

The Historical Society.

An adjourned meeting of the Historical Society of Southern California was held in the City Council chamber last night. The annual reports of the President, Secretary and Curator were read and filed.

The following officers were elected for the ensuing year: E. W. Jones, President; C. N. Wilson, First Vice-President; E. Baxter, Second Vice-President; B. A. Stephens, Secretary; J. M. Guinn, Treasurer; Ira Moore Curator.

A vote of thanks was tendered Drs. Lindley and Widney for a copy of their book on "California of the South."

E. Baxter, C. N. Wilson and B. A. Stephens were appointed a committee to incorporate the Society.

The Society subscribed for the "American Magazine of History."

Colonel Lyman C. Draher, for thirty-three years Corresponding Secretary of the Wisconsin Historical Society, was elected an honorary member.

Adjourned.

The G. A. R. Encampment.

The members of the Executive Committee of the G. A. R. who were appointed to obtain a suitable site in Southern California for the next State Encampment met yesterday afternoon to consider the propositions. They have visited and personally inspected Santa Monica, San Juan, Long Beach, San Pedro and Alamitos, and as special inducements have been offered by each place the committee found a formidable task before it. After a little debate it was decided to postpone the settlement of the question until after the convention of the posts at Stockton next month, and accordingly adjourned *sine die*.

AMUSEMENTS.

Mr. M. B. Leavitt's European Novelties.

The above attraction opened last night at the Grand Opera House. The company arrived here late, and this caused a long delay in opening, which created no small disaffection among the "gods" in the upper gallery. It was probably 8:30 before the curtain rose. The initial turn is a marionette performance, which went off tamely owing to the fact that there was not time to adjust the intricate machinery which works the puppets.

The Donnells did not help much to create a more favorable impression. They dance rather well, but that is all.

The acrobats were fair until the donkey part was introduced, but that would spoil an otherwise good turn.

The Milton Sisters dance well and dress well. They were the best thing presented up to this point.

Duncan, the ventriloquist, is clever, and he and his manikins caused a great deal of merriment.

The "Pylades" do what Horace Lingard invented—present counterfeit presentments of historical characters.

There followed several other turns in the show, which presents almost endless variety in its scope.

Perhaps the best thing in it is Julés Keller, the pedo-manual phenomenon. He must be seen to be known. His use of his hands and the giant strength of his arms are things that cannot be described.

The play holds the boards all the week. It will run much more smoothly to-night and after this.

Next Week.

The advent of Mr. Joseph Grismer and Miss Phœbe Davies is announced for next week at the Grand. The repertoire is all new, and embraces *Forgiven* and *The World Against Her*. Mr. Louis A. Morgenstein, advance agent, is here making preparations for the event.

Mr. Wyatt has secured for the Grand the services of the celebrated Hungarian 'celloist to help out the orchestra. The feature is a great improvement, and will be permanent.

The Los Angeles Theater.

Ben and Idalene Cotton are drawing good houses at the Los Angeles Theater. The bill will be changed to-night to *Black Diamonds*.

A LOST DAY.

An Unimportant Case Which Occurred In Court.

A boss of bricklayers by the name of Charles Madison had a disagreement with two other bricklayers, whose names are S. H. Duncan and James A. Hill, and he ordered them to leave the building, adding that if they did not he would shoot them. This took place last Thursday, at a new building near Sixth and Spring.

It would perhaps strike the average reader of newspapers that this was a small matter, unworthy of the attention of the public or of many of its servants It did not strike the District Attorney this way. When Duncan and Hill appeared at his office and told their story, Mr. Francis P. Kelley, District Attorney of the County of Los Angeles, was filled with indignation at the outrage, and promptly allowed two complaints to be sworn out against Madison: That he did wilfully and maliciously threaten to kill Duncan and Hill and that they had good reasons, therefore, to be in terror of their lives.

Yesterday a number of employes of the county, Justice Savage and his clerk, a deputy constable, and others spent most of the day trying these two cases. The proof of the immense importance attached to the affair by the District Attorney's office lay in the fact that Mr. Frank P. Kelley, District Attorney of the county, appeared on the scene in his own official person to conduct the trial. The Board of Supervisors has allowed Mr. Frank P. Kelley so many deputies that it is said he can't turn around in his office without stepping on two or three, nevertheless none of these was trusted to manage this important case. The head and front of the entire outfit, the District Attorney himself, jumped upon the unfortunate bricklayer with both feet, and tried to get him fined $5 or thereabouts.

The scheme was a failure. The Judge heard the first case through with a reasonable degree of patience, and at the end decided that there was nothing to hold the defendant upon. When it came to the second charge the Court began to exhibit a desire to get through with the farce as soon as possible, and dismissed the charge on motion of the defendant's counsel.

It is not the habit of the HERALD to report cases where one bricklayer talks back at another at full length, but the fact that Mr. Frank P. Kelley, District Attorney of the county of Los Angeles, devoted one day of his high-priced time to this affair makes it worthy of special notice.

A Joint Board of Trade.

A movement has been on foot for some time looking to the organization of a Board of Trade for Southern California, similar to the organization which exists in the northern part of the State under the name of the "State Board of Trade." On the 27th of last month a meeting was held in the rooms of the Board of Trade of delegates from a number of trade organizations of the various Southern counties of the State. Arrangements for a permanent organization were left in the hands of a special committee consisting of Major Eli Jones, President of the Chamber of Commerce, Eugene Germain, President of the Board of Trade W. S. Taylor, of Santa Ana, J. A. Howe of Pomona and S. M. Craddick, of Orange.

This morning at 10 o'clock representatives from various parts of the State regularly accredited by the trade organizations to serve as delegates, will meet in convention at the Board of Trade rooms and complete the work begun three weeks ago. It is believed that such an organization as is proposed will help in the development of this section.

The Sewage Question.

The City Council will meet to-morrow morning at 10 o'clock to discuss the method of disposing of the sewage of the city and to receive suggestions from some of the citizens and members of representative bodies, among which are the Board of Trade and Chamber of Commerce. Two supplemental propositions were made to the Council yesterday, and were laid over until to-morrow.

NOTES COLLECTED.

An Attorney Charged with Embezzlement of the Money.

J. W. Goodell is the name of a merchant of Kern county who held four notes against Jacoby, the shoe dealer, for fifty dollars each. He made the acquaintance of a Los Angeles lawyer by the name of M. V. Howard who happened to be in Kern county, and asked him to undertake the collection of the debt when the notes were due. According to Mr. Howard's story Goodell offered him fifty per cent. of whatever he could get.

This occurred about six months ago. Howard says he presented the notes and made an arrangement with Jacoby by which he managed to collect in small payments the face of the notes without interest. Goodell never wrote to inquire about the matter, but after waiting some time for the money to be sent, swore out a warrant for the arrest of Howard on the charge of embezzlement. Howard says that he was simply waiting till a time when his business should take him north to transfer the money to Goodell, and that he stands perfectly willing to pay it over now, if that will satisfy him. He also says that he wrote to Goodell that he had the money and would soon bring it to him, but that he got no answer. He was very much astonished at his arrest and quite unable to devise any reason for Goodell's conduct.

Washouts on the Desert.

The Southern Pacific has had the elements to encounter in the deserts during the last two days, and got the worst of it, several big washouts occurring on Sunday. The train which left Los Angeles for the East on Sunday morning was stopped this side of Yuma and the west-bound overland was detained on the Arizona side. Instead of arriving at 9:50 on Sunday night, No. 20 did not, therefore, pull in until 1 P. M. yesterday, and the train due at 9:50 last night did not arrive until 2 o'clock this morning. The company has had every man it could get working on the washouts, and reports that everything is all right now, and that the trains are running on time.

Nearly 100,000 Cases Treated.
All diseases of the respiratory organs treated by the most improved medical inhalations and the Compound Oxygen treatment, which have such a world-wide reputation in lung and nervous affections.

LOS ANGELES, CAL., November 14, 1888.
This is to certify that I had been afflicted with asthma and emphysima of the lungs for about 24 years. My disease was contracted in the army. I had tried almost every known remedy, both here and in the East, but nothing ever gave me permanent relief until I had tried Dr. Williams' Compound Oxygen and other remedies. It is only about one month since I began the treatment and already I feel like another man. I was so bad that for days I could scarcely breathe, but I do positively feel that I am entirely cured. The difficulty of breathing has been entirely removed, and I feel as well as I ever did in every respect

LOS ANGELES, November 16, 1888.
It is a source of gratification to me to be able to testify to the very satisfactory cure Dr. M. Hilton Williams has effected in my case with his Compound Oxygen and other inhalations. After suffering for several years with catarrh of the head and throat, also bronchitis, which caused a very aggravating cough. I applied to Dr. Williams, who effected an entire cure in just two months from the time I began the treatment. I take pleasure in recommending Dr. Williams as a Christian gentleman and a conscientious and skillful physician, whose cures seem almost marvelous in cases of consumption, asthma, bronchitis and catarrh.
MRS. L. A. THURSTON,
53 South Olive street, Los Angeles, Cal.

I have seen so many cases of lung diseases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success
The very best references from those already cured.
CONSULTATION FREE.
Those who desire to consult with me in regard to their cases had better call at my office for consultation and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions Address
